

Dementia and Driving

Are you concerned about a loved one's driving?
Is a driving evaluation needed?

Neuro Hub and Visiting Angels invite you to an educational seminar focused on driver evaluations and training programs. Learn about the importance of these assessments and how they contribute to road safety.

The program serves current drivers with a new diagnosis or a change in their ability to drive and helps elderly drivers and their families seeking professional recommendations.

February 14, 2025

1:00pm-2:00pm

Winter Park Library

1052 West Morse Blvd.

Winter Park, Fl. 32789

Please RSVP (seating is limited)
